

H5 Series

ROUGH TERRAIN FORKLIFT

BUILT TO OUTWORK THE COMPETITION

The **H5 Series** is a heavy-duty, rough-terrain forklift built for demanding work in agriculture and construction, offering the most compact and maneuverable option in the Harlo lineup. It outworks the competition with faster travel speeds, a more efficient load-sensing hydraulic system, and easier serviceability, powered by a John Deere or Cummins Tier 4 Final engine for agile, reliable performance on the toughest sites.

THE HARLO DIFFERENCE

Every Harlo machine runs on three promises: rugged performance, real partnership, and everyday usability. That's the difference our customers count on.

Rugged Performance

Get more work done, faster, with fewer interruptions.

Real Partnership

You don't just get a machine. You get a partner.

Everyday Usability

Equipment that works hard without making your job harder.
