HARLO
ROUGH TERRAIN FORKLIFTS

H6 Series
ROUGH TERRAIN FORKLIFT

BUILT TO OUTWORK THE COMPETITION

The **H6 Series** is a heavy-duty, rough-terrain forklift built for demanding work in agriculture and construction, sized for jobs that call for agility without giving up power. It outworks the competition with faster travel speeds, efficient load-sensing hydraulics, and easier serviceability, powered by a John Deere or Cummins Tier 4 Final engine for reliable performance on the toughest sites.

THE HARLO DIFFERENCE

Every HARLO machine runs on three promises: rugged performance, real partnership, and everyday usability. That's the difference our customers count on.

Rugged Performance

Get more work done, faster, with fewer interruptions.

Real Partnership

You don't just get a machine. You get a partner.

Everyday Usability

Equipment that works hard without making your job harder.
